- ❖ Registration Deadline-October 31
- ❖ Light Refreshments Served
- ❖ Books For Sale
- ❖ Book Signing

For children of all ages, understanding the background of their community is a critical step in forming identity and recognizing a place to call home. Through his book, *E-J's Town- The Endicott Johnson Story*, author and artist Lucas Kaczynski will whisk readers back to a time when European immigrants produced shoes by the millions and created a *Valley of Opportunity* under the leadership of the benevolent George F. Johnson. Besides introducing his book, Maine-Endwell graduate Lucas Kaczynski will discuss the importance of local history in young people's lives and how parents and educators can make local history fun and engaging for future generations.
